Actual Testimonial: *“This is the fourth time I have tried to write this success story after seeing Dr Dale Cooper. I run out of paper each time! Just go see him. You don’t know what the solution to the problem is? The solution is Dr Cooper! Every time I see him or take my kids to see him he solves our problem like a genius would. He probably thinks its easy; but for me, when something goes wrong physically, he has always succeeded in helping me when I think there was no solution!”*
